OPERATION "HARD YAKKA"

Military Style Youth Training Program

Support Letter

Suite 2, 44 Duke Street
Gympie QLD 4570
P.O. Box 1258

It is with great enthusiasm and without reservation that TRACC Cooloola Enhanced Foster and Kinship program supports **Operation "Hard Yakka"**, which has its location at the Susan River Homestead Adventure Resort, Fraser Coast.

Operation "Hard Yakka" staff are well informed of the challenges that disengaged youth are facing in today's social climate, education, training and employment amongst the issues, the more down to basic problems include: Respect, Attitude, Goal Setting, Self Control, Self Discipline, Trust.

Bob Davis has been conducting training programs for over 27 years and is a leader in the field of Military and Outdoor Experiential Adventure-Based Training. (Leadership, Team Development and Life Coaching included).

Operation "Hard Yakka" is the program to achieve the success that Youth need, they already have a proven record over the past number of years with past participants achieving great results in society. To this extent I feel confident that they are experienced in preparing the youth with social issues to find and follow the correct path in life. Bernadette Burns, TRACC Anglicare, Coordinator Enhanced Foster and Kinship Care put full support behind this most worthwhile program.

Yours truly,

Bernadette Burns

Enhanced Foster Care Co-ordinator
