

Letter of Support for
OPERATION “HARD YAKKA”

I, George Duck strongly support the youth training programs conducted by Bob Davis and his team at the Susan River Homestead Adventure Resort Fraser Coast.

Bob has been conducting military and outdoor adventure based training programs for over 27 years and has a proven record with participants fitting better into society and many achieving great results.

Operation “Hard Yakka” staff are well aware of the problems disengaged youth are facing with education, training and employment amongst the issues. The program also teaches respect, attitude, discipline and self control and I strongly support this most worthwhile program.

Yours Truly
George Duck
President
Hervey Bay Boat Club.
