OPERATION “HARD YAKKA”

Military Style Youth Training Program

Support Letter

To whom it may concern!

There is a gentleman with passion, enthusiasm and commitment to kids needing to get their lives back on track and has results that demonstrate success. For this reason without reservation I support **Operation “Hard Yakka”**, which has its location at the Susan River Homestead Adventure Resort, on the Fraser Coast.

Operation “Hard Yakka” staff are well informed of the challenges that disengaged youth are facing in today’s social climate, education, training and employment amongst the issues, the more down to basic problems include: Respect, Attitude, Goal Setting, Self Control, Self Discipline, Trust.

Bob Davis has been conducting training programs for over 27 years and is a leader in the field of Military and Outdoor Experiential Adventure-Based Training. (Leadership, Team Development and Life Coaching included).

Operation “Hard Yakka” is the program to achieve the success that Youth need, the program has a proven record over a number of years, it is preventative and cheaper than imprisoning youth. Past participants are achieving great results in re-linking with society.

I feel confident that this results focussed program offers great experience in preparing the youth to integrate successfully and make follow the correct path in life. I urge you to put your full support behind this most worthwhile program.

Regards

Greg McGarvie,
