**To Whom It May Concern**

**Letter of Support**  
**“Operation Hard Yakka”**

It is with enthusiasm that JobSmart supports programs, such as “Operation Hard Yakka”, that offer assistance to the residents of the Fraser Coast region who are experiencing difficulty obtaining employment due to a lack of skills.

The JobSmart team will endeavour to assist this program in whatever way necessary under our guidelines so as to ensure it is a worthwhile program for our community. There is a great need for our community to have an organisation that can assist and direct youth and the long term unemployed to gain and maintain skills that are required throughout their life.

“Operation Hard Yakka” staff are well informed of the labour market opportunities and requirements having been residents for many years and have worked in a variety of other industries.

To this extent, I feel confident that the staff are experienced in preparing the residents of Fraser Coast with the marketing and promoting services for an important program of this type, as well as the benefits to the community and the community at large.

I wish them all the best in this submission and will endeavour to assist them in any way we can to make this worthwhile project a success for our community.

Sincerely

Robert Garland

Managing Director
